

## Mitten Measurement Worksheet 2

If you are working in a measurement other than inches make sure to stay consistent throughout.

Gauge: \_\_\_\_\_ stitches and \_\_\_\_\_ rows per inch

Hand:

Total Width: A \_\_\_\_\_ inches x \_\_\_\_\_ stitches per inch = \_\_\_\_\_ stitches(G)

Total Hand Length: B \_\_\_\_\_ inches x \_\_\_\_\_ rows per inch = \_\_\_\_\_ rows(H)

Length to Pinky: C \_\_\_\_\_ inches x \_\_\_\_\_ rows per inch = \_\_\_\_\_ rows(I)

Cuff Length: \_\_\_\_\_ inches x \_\_\_\_\_ rows per inch = \_\_\_\_\_ rows(J)

Total Mitten Length in Rows: H \_\_\_\_\_ + J \_\_\_\_\_ = \_\_\_\_\_ rows(K)

Thumb:

Length to Divide: D \_\_\_\_\_ inches x \_\_\_\_\_ rows per inch = \_\_\_\_\_ rows (L)

Length from Divide to Thumb Top: E \_\_\_\_\_ inches x \_\_\_\_\_ rows per inch = \_\_\_\_\_ rows(M)

Thumb Width: F \_\_\_\_\_ inches x \_\_\_\_\_ stitches per inch = \_\_\_\_\_ stitches(N)
